### PRODUCT DESCRIPTION:

Iyaly Thermoactive Anti-Cellulite Body Cream is an innovative solution designed to reduce, reshape and firm the skin. Its rich, creamy texture, characterised by a pleasant warm/cool effect, makes it ideal for prolonged massages, offering a complete treatment to combat the imperfections of cellulite. Its advanced formula works in a targeted way to stimulate microcirculation and help reduce fat deposits, helping to improve skin firmness. Regular application not only provides a pleasant sensory experience, but also helps to improve the appearance of the skin, making it firmer and smoother.

### METHOD OF USE:

Apply the cream daily to all affected areas using a circular massage to encourage complete absorption of the active ingredients and reactivate microcirculation. Apply to the legs or areas affected by cellulite, massaging with circular movements following the direction of lymphatic flow: from the ankles to the buttocks for the legs, from the wrists to the armpits for the arms, from the breastbone to the pubis for the abdomen.

### WARNINGS:

External use. Keep out of reach of children under 3 years. Do not apply to damaged skin. Do not ingest. Do not use if hypersensitive to one or more of the ingredients. Keep away from light and in a cool, dry place.

**INGREDIENTS :**

AQUA, PRUNUS AMYGDALUS DULCIS OIL, BUTYROSPERMUM PARKII BUTTER, POLYGLYCERYL-3 CETYL ETHER OLIVATE/SUCCINATE, CAFFEINE, CENTELLA ASIATICA EXTRACT, VACCINIUM VITIS-IDAEA LEAF EXTRACT, ALLANTOIN, SODIUM HYALURONATE, PROPYLENE GLYCOL, SNAIL SECRETION FILTRATE, MENTHOL, ALOE BARABENSIS LEAF POWDER, ISODODECANE, CETEARYL ALCOHOL, GLYCERINE, CARBOMER, CETYL ALCOHOL, HYDROGENATED TETRADECENYL/METHYLPENTADECENE, ETHYLHEXYLGLYCERINE, XANTHAN GUM, METHYL NICOTINATE, SODIUM HYDROXIDE, PHENOXYETHANOL.
