PRODUCT DESCRIPTION:

Iyaly Aloe Vera Face Cream provides hydrated, smooth, and radiant skin. With a lightweight texture that absorbs quickly, it offers an effective facial treatment without leaving greasy residues. Its formulation is enriched with Aloe Vera, Hyaluronic Acid, and Ceramides, which work synergistically to enhance luminosity, firmness, and an even complexion for the face, neck, and décolleté. Aloe Vera, known for its moisturizing and soothing properties, complements the action of Hyaluronic Acid, which helps maintain hydrated and toned skin. Additionally, Ceramides help rebalance the skin, giving it a smooth and uniform appearance. When used daily, it keeps the skin of the face hydrated, toned, and glowing.

METHOD OF USE:

Apply after thorough cleansing of the face with gentle movements from the centre of the face and neck to the extremities, massage in until completely absorbed, avoiding contact with the eyes. Daily application, even distribution of the product and gentle massage favour the absorption of the active ingredients.

WARNINGS:

External use. Keep out of reach of children under 3 years of age. Do not apply to injured skin. Do not ingest. Do not use in case of hypersensitivity to one or more of the ingredients contained. Store away from light and in a cool, dry place.
