MADE IN ITALY

PRODUCT DESCRIPTION:

The Exfoliating and Purifying Face Scrub with Salicylic Acid is a facial treatment designed to offer a gentle exfoliating action, exploiting both the mechanical process thanks to the microgranules of almond shells and the chemical action of salicylic acid. This scrub is particularly suitable for dry, rough and uneven skin. From the first application, your skin will benefit from a deep and gentle cleansing. The scrub helps to cleanse, purify and smooth the skin, resulting in a more hydrated, nourished and revitalised appearance.

METHOD OF USE:

Apply 1-2 times a week on the moist skin of the face. Massage gently in circular movements, insisting on the rougher or oily areas with blackheads. Finally, rinse thoroughly with lukewarm water.

WARNINGS:

External use. Keep out of reach of children under 3 years of age. Do not apply to injured skin. Do not ingest. Do not use in case of hypersensitivity to one or more of the ingredients contained. Store away from light and in a cool, dry place.
