DESCRIPTION

Flora is a dietary supplement that promotes the balance of intestinal flora, supports digestion and intestinal regularity, helps reduce gastrointestinal disorders such as bloating and gas, and promotes healthy carbohydrate metabolism. Formulated with typed and tindalised lactic ferments effective in promoting intestinal microbial balance, associated with FOS (fructo-oligosaccharides), a prebiotic fibre that promotes the balance of intestinal flora. Milk enzymes play a key role in supporting intestinal health, helping to maintain a balanced microbiota. Cinnamon extract contributes to normal carbohydrate metabolism, thus supporting glycaemic level control, Fennel extract promotes regular gastrointestinal motility and helps reduce excess gas, improving digestive comfort. Chamomile extract, known for its emollient and soothing properties, supports the digestive system and contributes to general well-being. Flora is ideal for those wishing to maintain a healthy intestine and good digestive balance, while complementing a balanced diet and healthy lifestyle.
