PRODUCT NAME

Immuno Plus
With EBE® multi-extract Echinacea and ULTRAZIN® Zinc.

FORMAT

Drops for oral suspension

SHELF LIFE & CERTIFICATIONS

36 MONTHS  MADE IN ITALY

CODE

INT008

DESCRIPTION

Immuno Plus is a dietary supplement that supports the body's natural defences, promotes an effective immune response, helps protect cells from free radical damage and promotes rapid recovery and general well-being. Formulated with EBE®, a patented mix of the three main Echinacea species: Echinacea angustifolia, Echinacea pallida and Echinacea purpurea. This botanical complex is known for its immune-stimulating properties. Rosehip, rich in vitamin C, has a supportive and restorative action, improving general well-being. Zinc is an essential mineral that contributes to the normal function of the immune system and the protection of cells from oxidative stress, helping to maintain cellular health. Immuno Plus is ideal for those wishing to boost their immune system and maintain high energy levels, especially during seasonal changes or periods of increased stress. Combined with a healthy lifestyle and balanced diet, it optimises the benefits. .

INGREDIENTS

Purified water, fructose, Rosa canina E. glyceric (Rosa canina L, false fruit), EBE® E.S. tit. 1.0% echinacosides from Echinacea spp (E.angustifolia, root; E.pallida, root; E. purpurea, herb), ULTRAZIN® Zinc sucrosomial® (zinc oxide, rice starch from Oryza sativa pregelatinised, sucrose esters of fatty acids, sunflower lecithin, tricalcium phosphate, rice flour), flavouring: berries; acidifying agent: citric acid; preservatives: sodium benzoate, potassium sorbate; thickening agent: xanthan gum.

AVERAGE CONTENTS

AVERAGE CONTENTS	PER DAILY DOSE (*)	VNR (**) (%)
EBE® ECHINACEA SPP OF WHICH ECHINACOSIDES	50 MG 0,5 MG	-
ROSE HIP E. GLYCERIC	100 MG	-
ZINC	10 MG	100%

daily dose (*) = 1 ml equal to 20 drops

VNR (**): Nutrient reference values (adults) according to EU Reg. 1169|2011

PHYSIOLOGICAL EFFECTS

Dietary supplement based on EBE®, a patented mix of the three main Echinacea species (E. angustifolia, E. pallida, E. purpurea), capable of supporting the body's natural defences, and Rose hip for its supportive and restorative action. The zinc contained in ULTRAZIN® contributes to the normal function of the immune system and the protection of cells against oxidative stress.

METHOD OF USE

A daily intake of 20 drops (equal to 1 ml) is recommended. Shake well before use

WARNINGS

Food supplements are not intended as a substitute for a varied, balanced diet and a healthy lifestyle. Do not exceed the recommended daily intake. Keep out of reach of children under three years of age.

NET QUANTITY

30mL

MODE OF PRESERVATION

Store in a dry place and away from light and heat sources.

ALLERGEN DECLARATION

IYALY Srl. declares that, on the basis of the documentation delivered by the suppliers, the product contains/does not contain the substances that may cause allergies or intolerances mentioned in Annex II of EU Regulation no. 1169/2011, as per the table below.

ALLERGENS

ALLERGENS	ALLERGEN- PRESENCE IN THE PRODUCT	INGREDIENTS IN WHICH THE ALERGEN IS CONTAINED	PRESENCE OF ALLERGEN IN THE ESTABLISH- MENT AS AN INGREDIENT OR AS AN ALLERGEN- IC RESIDUE OF AN INGREDIENT
1. Cereals containing gluten, i.e.: wheat, rye, barley, oats, spelt, kamut or their hybridised strains and products thereof, except: (a) wheat-based glucose syrups, including dextrose (*); (b) wheat-based maltodextrins (*); (c) barley-based glucose syrups; (d) cereals used for the manufacture of spirits, including ethyl alcohol of agricultural origin. (*) And derived products, insofar as the processing they have undergone is not likely to raise the level of allergenicity assessed by the Authority for the basic product from which they are derived.	NO	NO	NO
2. Crustaceans and crustacean products.	NO	NO	NO
3. Eggs and egg products.	NO	NO	NO
4. Fish and fish products, except: a) fish gelatine used as a carrier for vitamin or carotenoid preparations; b) gelatine or isinglass used as a fining agent in beer and wine.	NO	NO	NO
5. Peanuts and peanut products.	NO	NO	NO
6. Soybean and soybean products, except: (a) refined soybean oil and fat (*); (b) natural mixed tocopherols (E306), natural D-alpha tocopherol, natural D-alpha tocopherol acetate, natural D-alpha tocopherol succinate from soybean sources; (c) vegetable oils derived from phytosterols and phytosterol esters from soybean sources; (d) plant stanol ester produced from sterols of vegetable oil from soybean sources. (*) And derived products, insofar as the processing they have undergone is not likely to raise the level of allergenicity assessed by the Authority for the commodity from which they are derived.
